NGPW901 APU Stand For the PW901A APU

The NGPW901 Air/Truck Shipping Stand is designed to transport the PW901 APU on an air ride trailer or on most air cargo aircraft. The stand includes a shock mount isolation system to protect the APU from handling shocks and road vibration. It also includes tie down rings for safe securement throughout transportation, custom labeled decals, Skydrol resistant paint and an optional crate or steel cage for additional protection throughout transportation.
